From the beginning, mankind moves,
searching new horizons.
Now it is my turn to discover a new country.

Moving in the city,
immersing myself in another culture,
discovering new symbols, new shapes, new signs,
understanding another way of thinking.

The city draws its ambitions in the sky

04

Backlighting through an unclean window;
Playing with graphic imperfection,
I like to find beauty in the ordinary.

feeling
unwell?

Taking time on the train to become completely aware of the space

05

Admiring simple lines,
searching for perfection
and harmony.

My eyes adjust to a new pallet

Graphics is everywhere

07

Sorting knowledge,
discarding or recycling earlier misconceptions,
a cleaning of my mind.

A crossing of different paths

08

Combining skills,
exploring alternatives,
sharing ideas and finding solutions.
